

Internal Communication and Coordination

World Assembly IAOPA
Beijing 2014

Daniel Affolter, AOPA Switzerland

AOPA – a broad community of national organisations

How many **contacts** are or have been established between them?

- 50%
- 30%
- 10%?

or **outside**

- World Assembly
- Regional meeting?

Internal Communication and Coordination

Communication is as **different** as the Nations are

- **Size** of the Organisation is of importance
- **Means** (finance, members, humans) are determining the size
- **Different average** age of members requires different approach

Communication is requiring **resources**

Internal communication and coordination

Publications are different:

- APP (AOPA Switzerland)
- Email
- Newsletters
- Website
- Word of mouth
- Social media
- ALO (AOPA Liaison Officers)

Internal communication of national AOPA

Share experience and resources through for example

- **Template** for
 - Newsletter
 - Website
 - Administration of Membership
 - APP
- **Experience**
(Media Assembly?)
- **Informations**
- **Publications**
- **Summary** – Listing of sources and links (AOPA publications)

Level of communication

is different

- ICAO
- FAA
- EASA
- National / Regional
- Members

Resources

- Increase number of persons representing AOPA
- Planning of rotation
- Finance (Sponsorship)

We are all members of one Family

but

we have to **communicate** and

live it.
